PREMIUM SPORT HEADPHONES

USER'S MANUAL

HS7509

WARNING

1

Always keep your volume at a safe level below 85 decibels. Listening to any audio at high volume for a long time could cause permanent damage to your hearing.

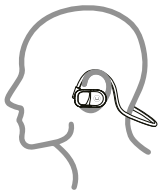

This product is IPX5 rated, meaning that it's dust-tight and can stand low-pressure water sprays, however, it cannot be submerged in water. Avoid leaving headphones outside, under the the sun or rain.

CHARGING INSTRUCTIONS

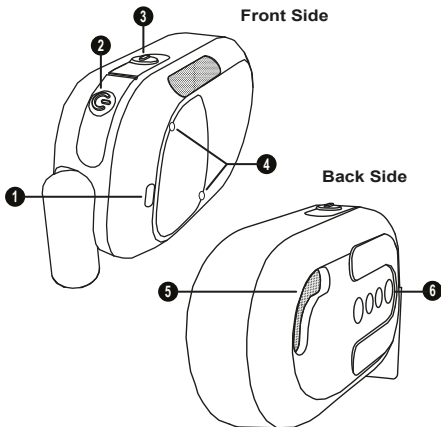

1. Please fully charge the headphones before their very first use.
2. To charge the headphones use a standard USB power adapter (5V/1A) and the magnetic charging cable included. While headphones are charging, the status light will light red and turn blue when the full charge is reached.
3. To fully charge your headphones, you will require up to 90 minutes.
4. A fully charged headphones can work for up to 8 hours at 80% of the maximum volume.
5. The status light will flash red to indicate when the battery is low.
6. The headphones will automatically shut off after 5 minutes of inactivity. The status light will quickly flash red before it happens.
7. To avoid permanent damage to your headphones, do not attempt to charge them using any different accessory than those that were originally included.

HOW TO WEAR THE HEADPHONES

Slide the headband behind your neck, place the headphone hooks around your ears, and let each speaker sit over them gently.

INSIDE THE BOX

Headphones • Magnetic charging cable • User's manual

1. Headphones On/Off

Long-press the "POWER" button for about 5 seconds and await confirmation.

2. Pairing the headphones to a phone (first time)

After powering on the headphones, they will automatically enter pairing mode. The status light will flash between blue and red, and a confirmation message will be played, turn on your phone's Bluetooth® and select HS7509 from the list of available devices. Once the connection is established, you will hear a confirmation message, and the status light will turn blue and then go off.

3. Tracks management

To pause the playback, press twice the "POWER" button and press it twice again to resume the playback. While playing a track, long-press the "POWER" button to switch to the next track, long-press the "-" button to restart the song that is currently playing, and long-press it again to switch to the previous track.

4. Volume control

To increase the playback volume, briefly press the "POWER" button and briefly press the "-" button to decrease it.

5. Call management

To answer the incoming call, briefly press the "POWER" button and briefly press it again to hang up. Long-press the "POWER" button to reject the call.
